

PERSONAL INVITATION: 'B for Good Leaders 2024'

Business for Good in Action SUMMIT
May 23-24, Amsterdam

Dear Colleague, Ally, Friend,

An economy for good can only be built by us: progressive entrepreneurs, executives, investors and policy-makers. On behalf of our 70 Stewards, Founding Members and 2,102 members of the 'B for Good Leaders' Community (the first global Cooperative of entrepreneurial leaders for the planet), we are personally inviting you, as a prominent change-maker, to join us for the 3rd gathering of our growing global community.

What awaits us is 2,5 days of:

- energizing conversations, talks, pitches, innovation labs, incubators and connections,
• award-winning solutions,
• best-for-the-world ventures, partnerships and investments,
• living case studies by enterprises large and small,
• professionals' programs, eg 'Accountants for Good' and curated dinners,
• the whole program designed to produce a pathway, business deals, venture, partnerships, and a stronger movement, towards a regenerative economic future.
• ramping up to 2025, when Amsterdam will be 750 years old and we'll organize a 3,000 leaders' week, the 'Good Economy' World Forum Amsterdam, May 19-14, 2025.

- > Action Finale at 15:30-17:00 on May 24th with **Colin Mayer**.
- > Drinks and evening snack for all from 17:00 to 19:00.

Welcome to our community !

This personal invitation include access to the BfGL Community Platform. With over 2,000 invited members and growing to 100,000 by May 2024 and 3 million by 2031, each member is nominated by us or our members on the basis of **merit, commitment, integrity and intent**. This trust-based platform is our HOME from which we can connect, communicate, share, engage and do regenerative business with each other. See here: <https://community.bforgoodleaders.org>. An AI-powered XChange will be launched in 2024.

Our first two gatherings in Rome in 2022 (600 invited participants) and Amsterdam in 2023 (1200 invited participants) were acclaimed as ushering **a new genre of events that is engaging, inspiring, empowering, fun and crafting a holistic agenda for real change.**

The city of Amsterdam and the Netherlands are fast becoming one of the world's hubs for regeneration and flagship models of what economies can become, and that's why we have decided to make it our permanent home. The main venue will be the historic and hip **Beurs van Berlage**, next to Dam Square, the Central Station and many other attractions.
